Workshops:

Craig gave feedback on the Facebook Workshop. It went well. We learned how to set up an account and set security settings.

Budget Workshop we will look at running a follow up workshop in the future to see how everyone has been budgeting. In the future Scott & Jim will look into the dates to run the Workshop.

Photography Workshop: Clients have expressed a great deal of interest in running another workshop. We will do so in September.

Client Representatives & Management Committee Feedback:

There for was nothing to report. In the next Management Committee meeting on 16th August there will be an amalgamation discussion Heather Peters from ADHC will be attending the meeting. If the decisions is made by Management Committee to go ahead then all the members will be given an opportunity to vote on the matter.

Other business:

AGM: We are looking for new Management Committee Members with professional background to join. HeadEast will also be electing two new Client Representatives. Deidre has said that Craig has done a fantastic job being a Senior Client Representative and if there was a possibility for Craig to do it again next year or help new Client Representatives in for filling their roles.

Fishing Group: The Group is doing really well. Suggestion was made to write a thank you letter to Mark to for organising this event for HeadEast Clients.
